

NOCTUA NA-SAVG2 chromax.black

3x Anti-vibration gaskets

The NA-SAVG2 chromax.black is a set of three black NA-AVG2 anti-vibration gaskets for using compatible Noctua 140x25mm fans on water cooling radiators or other applications that benefit from a tighter seal with the fan. Made from extra soft yet highly tear-proof silicone rubber, the NA-AVG2 help to damp minute vibrations and to reduce air loss between the fan and the radiator. As such, they are an ideal accessory for performance enthusiasts who want to squeeze out those extra few percent of cooling efficiency.

Fine-tuning airflow efficiency

Why get the best fans for your water cooler and then let air escape between the fan and the radiator? Yielding a few tenths of a degree in CPU temperatures may not seem relevant to many, but for performance enthusiasts who relentlessly pursue perfection in optimising their systems, the NA-AVG2 can be the finishing touch in achieving ultimate efficiency.

Compatible with most Noctua 140x25mm fans

The NA-AVG2 gaskets are compatible with all current Noctua 140x25mm fans, including the award-winning NF-A14 and NF-P14 redux series.

Set of 3, ideal for 420mm radiators

Containing 3 NA-AVG2 gaskets, the NA-SAVG2 set enables customers to equip up to three compatible 140x25mm fans. Perfect for getting the most out of water cooling setups with 280 or 240mm radiators.

Easy installation, compatible with screws or anti-vibration mounts

Attaching through the same holes as Noctua's standard NA-AVP1 anti-vibration pads, installation of the NA-AVG2 is a breeze. Leaving the fan's screw holes uncovered, the gaskets are fully compatible with standard fan mounting screws, radiator screws or anti-vibration mounts such as Noctua's NA-AV1, NA-AV2, NA-AV3 or NA-AV4.

chromax.black version

The all-black chromax.black version of the NA-AVG2 gaskets is a perfect match for black 140x25mm fans from Noctua's chromax and industrialPPC product lines.

Product name
Noctua NA-SAVG2 chromax.black

EAN
9010018201437

UPC
841501121432

Packaging dimensions (HxWxD)
140x81,3x16 mm

Weight incl. packaging
48 g

Warranty
6 years

Packaging unit
80 pcs

Packaging dimensions / unit (HxWxD)
384x302x200 mm

Weight incl. packaging / unit
4.50 kg

Scope of delivery
3x NA-AVG2 anti-vibration gasket
for water cooling radiators
