

NOCTUA NF-A12x15 PWM NOCTUA NF-A9x14 HS-PWM

Having received dozens of awards and recommendations from international hardware websites and magazines, the NF-A12x15 PWM and NF-A9x14 HS-PWM have established themselves as a default choice when it comes to premium-quality slim 120mm and 92mm fans. The chromax.black.swap edition combines their signature quiet cooling performance with an attractive all-black design and a bundle of self-adhesive red, white, blue, green, yellow and black anti-vibration pads that allow the colour-customisation of the fans to match individual build colour schemes.

Topped off with Noctua's trusted premium-grade SSO2 bearing, more than 150,000 hours MTTF and a 6 year manufacturer's warranty, the chromax.black.swap fans are the perfect choice for all users who value individual, focused build aesthetics just as much as class-leading quality and performance.
