

# NV-FS1

Desk, Room and Multi-Purpose Fan Set with Award-Winning NF-A12x25 120mm Fan, Airflow Amplifier and Pivoting Steel Mount

The NV-FS1 is a highly versatile, premium grade multi-purpose fan set that can be used for a wide range of ventilation tasks such as desk and room fan applications or device cooling. Pairing the award-winning NF-A12x25 PWM 120mm fan with the NV-AA1 airflow amplifier guarantees exceptional quiet cooling performance and a strong, focused stream of air that can be adjusted as required using the included NA-FC1 speed controller. The set's centrepiece is the sturdy, steel-made NV-FM1 pivoting fan mount that makes it possible to let the fan blow at any angle, such as upwards, downwards, or sideways. With its integrated magnets, zip-tie slots and screw mounting holes, it's easy to install virtually anywhere. Thanks to the NV-FM1's integrated vibration dampening, vibrations are suppressed from the ground up and the pre-installed NA-FG1 fan grill prevents the fan from accidental touch. For powering and connecting the fan, the set includes Noctua's NV-PS1 230/115V high quality universal power supply as well as an NV-EC4 1m extension cable that can be installed before or after the fan controller depending on individual preferences. In sum, the NV-FS1 is a comprehensive premium package that ticks all the boxes for various home, office and multi-purpose ventilation tasks.

### Award-winning NF-A12x25 120mm fan

Having received more than 100 awards and recommendations from international PC hardware websites and magazines, Noctua's NF-A12x25 has set a new benchmark for 120mm computer fans. Its state-of-the-art construction, superior efficiency and superb quietness of operation also make it an ideal choice for demanding home, office and multi-purpose ventilation tasks.

### Airflow amplifier for enhanced ventilation performance

The pre-installed NV-AA1-12 airflow amplifier has been developed to boost the NF-A12x25's flow performance in typical desk and room ventilation applications. Thanks to a three-way airflow amplification system that combines helix energy recovery, progressive flow acceleration, and Venturi effect volume enhancement, the NV-AA1 enables the fan to create a strong, focused beam of air while maintaining exceptional quietness of operation.

### Sturdy, pivoting fan mount with flexible mounting options

Forming the centrepiece of the NV-FS1 set, the sturdy, steel-made NV-FM1 is a highly versatile, pivoting multi-purpose mount for 120 and 140mm fans. It cannot only be used as a simple stand on desks or other level surfaces, but can also be fixed to walls, ceilings, furniture, or other objects using the screw-mounting holes and zip-tie slits at the base.

### 3 level anti-vibration design

The NV-FS1 set reduces vibrations on three levels: Firstly, the fan is pre-installed to the NV-FM1 using silicone push-pins. Secondly, the rubber hinges of the NV-FM1 prevent vibrations from being transmitted to the base and thirdly, the rubber strips at the base reduce the transmission of vibrations to the mounting surface.

### 6 years manufacturer's warranty

Noctua products are renowned for their impeccable quality and outstanding longevity. Like all of them, the NV-FS1 set is built to last and all the included parts are covered by Noctua's 6-year manufacturer's warranty.

### NV-FS1 SPECIFICATIONS

Colour	Black
Height	154 mm
Width	153 mm
Depth	121 mm
Weight	770 g
Fan	Noctua NF-A12x25 PWM chromax.black
Cable length	2.85m (20cm fan cable, 135cm NV-PS1, 30cm NA-AC10, 100cm NV-EC4-1m)
Warranty	6 years

### LOGISTIC DATA

**Product name**  
Noctua NV-FS1

**EAN**  
9010018900200

**UPC**  
841501190209

**Packaging dimensions (HxWxD)**  
188x168x160 mm

**Weight incl. packaging**  
1260 g

**Warranty**  
6 years

**Packaging unit**  
8 pcs

**Packaging dimensions / unit (HxWxD)**  
41.8x36.1x33.8 mm

**Weight incl. packaging / unit**  
11.00 kg

### SCOPE OF DELIVERY

NF-A12x25 PWM chromax.black premium fan  
NA-AA1-12 airflow amplifier  
NV-FM1 multi-purpose fan mount  
NA-FG1-12 120mm fan grill  
NA-FC1 fan controller

### Cables & Adaptors

NA-AC10 barrel to 4-pin adaptor cable  
NV-EC4-1m extension cable  
NV-PS1 power supply  
US socket adaptor (Type A)  
EU socket adaptor (Type C)  
UK socket adaptor (Type G)

### Mounting Parts

4x fan screws  
4x zip ties  
4x wall plugs  
4x mounting screws
